

1000 SERIES

SIDE DISCHARGE

POWERED BY
KOHLER®

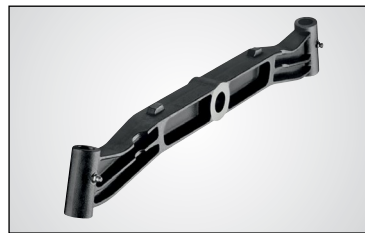

A CLASS OF ITS OWN

The 1000 Series is a superb range of mulching tractors with the additional benefit of side discharge for long grass areas that are not suitable for mulching. Grass catchers are also available for general clean up and leaf collection in the autumn.

Cruise control / Parking brake

Lever for setting constant travelling speed when driving and applying the parking brake.

Built tougher

The fully welded steel frames on the Series 1000 are the thickest in the industry and come complete with cast-iron front axles.

RevTEK Technology

RevTEK: Reverse Mowing Technology: A safety button has been installed for when reverse mowing is required.

KOHLER engine

Some tractors are equipped with professional grade Kohler engines. These engines offer exceptional smooth vibration free power, quiet operation and long life.

Deck wheels/ mulching plugs

Anti-scalping wheels prevent damage to the grass surfaces. Mulching plugs easily attach to convert cutter decks to mulch.

Electric PTO

The electric PTO (Power-take-off) fingertip deck engagement will provide highest user comfort.
